"Our health care dollars should be treating patients, not funding lavish perks for millionaire CEOs. Prop. 52 takes resources from patients and communities and siphons it into the pockets of rich special interests, with no oversight, no accountability, and no guarantee it is even spent on health care. That's wrong and makes nurses' and doctors' jobs harder."

Virginia Anders-Ellmore, Nurse Practitioner

- Prop 52 gives hospital CEOs a check worth more than \$3 billion— with no strings attached, no oversight, and no requirement the money is spent on health care.
- Prop 52 gives more than \$3,000,000,000 to the same CEOs already being paid millions and using our tax dollars for perks like luxury car leases and golf fees, with zero accountability.
- Prop. 52 is great for hospital CEOs and their lobbyists, but bad for patients, lowincome women and children, seniors, and veterans.

The wealthy hospital CEOs and their lobbyists are spending millions – including our tax dollars – to trick you into believing Prop. 52 helps Medi-Cal patients.

It doesn't. It hurts the people who need it most and only helps hospital lobbyists and their overpaid CEOs.

SUBJECT TO COURT ORDERED CHANGES This is what it really does:

- Prop. 52 frees hospital CEOs and lobbyists from any oversight or accountability for how they spend the \$3,000,000,000 of taxpayer dollars they receive to treat lowincome residents.
- Forces the state to give billions in federal low-income health care benefits to
 hospitals with no oversight, no accountability, and no guarantee it will be spent
 on health care at all, let alone health care for low-income women, children, and
 seniors.
- These same CEOs and lobbyists have spent millions intended for low-income health care on overpriced CEO salaries, luxury boxes at sporting events, country club memberships, payments to Wall Street investors, and other perks.

Here is what advocates for low-income patients say:

"This initiative takes money from needy Californians and gives it to rich millionaires instead, with no oversight and no requirement it be spent on health care for poor people, or even health care at all. Our healthcare system is already broken – and this no-strings attached money grab by rich CEOs will only make it worse."

"I'm already struggling to make ends meet and can't afford to take my children to the doctor. Now they want to take what little I have and give it to the special interests and corporations who run for-profit hospitals, no questions asked."

Jovita Salcedo, Medi-Cal Patient

The corporate-funded California Hospital Association wrote Prop 52 in order to permanently guarantee more than \$3,000,000,000 of our federal and state health care dollars go to them no matter what, with no oversight and no guarantee it be spent on health care.

It rigs the system in favor of corporations and millionaires and hurts low-income women, children, and seniors. It eliminates oversight of how this \$3,000,000,000 in our tax money is spent and asks us to trust the CEOs and lobbyists instead.

We need more oversight of CEOs, not less.
